Burleson Adventist School

5th and 6th Grade

February 11, 2018

From Agent "W"

Just a reminder, Due to the topics we cover in the P2P program I do not celebrate Valentine's Day in my class. One of the main topics is how we "put ourselves out there" as a young man and young lady. It is important to me that my actions coincide with the message I am teaching. When you receive information about the program you will understand the value in this decision. A lot of prayer from many people go into this program. It is, without a doubt the most important thing I teach. Please pray for everyone as we get ready to embark on the next step in growing in Christ.

We desperately need two people for February 21.
